

TREES FOR ARBOR DAY

Will be Furnished by Board of Education.

ALL SCHOOLS WILL JOIN

In an Effort to Make the Day Profitable.

Tomorrow is Arbor Day and the schools of Wichita will observe it in a very appropriate manner. It is expected that hundreds of trees will be planted by the children of the public schools, while the citizens generally will help. Many will observe the day about their own homes by beautifying their grounds and otherwise setting out trees best suited to the beauty of the private lawn.

For public purposes the board of education has made arrangements to furnish all trees and will allow a certain number to each school yard, and to each of the public buildings and parks of the city. Superintendent Dyer has sent the following circular to each of the principals of the city schools:

To the Principals:

Governor Stanley has, by proclamation, designated Thursday, April 20, as Arbor Day and calls upon the citizens and schools to observe the day in a manner that will best accomplish its purpose.

In accordance with the above, I am authorized to say that Thursday afternoon, April 20, will be observed by all the schools of the city as Arbor Day. The plans, in general, are given below. The details are left to the respective principals:

School as usual in the morning. School recesses as usual at 1:30 p. m. After the attendance has been recorded the schools will devote the rest of the afternoon, or as much of it as necessary, to the exercises.

Every school should arrange to plant one tree, unless the yard is already well supplied, then the building as a whole should plant a tree.

Literary exercises and music will add much to the program.

Call upon your janitors to assist by having the holes prepared before the program begins.

Multiple trees or elm trees are desirable—cottonwood a last resort. The former can be secured for a small sum, which doubtless can be raised by free will offering in the respective schools. A good maple can be purchased for a sum not exceeding 50 cents.

Teachers and principals are urged to make an effort to awaken a great interest in the day. Much, in fact, partly all of the day's success, depends upon the teachers' attitude toward the day.

All exercises, plans and poems will be under direction of the principal and teachers the same as if school were in regular session.

When the program has been completed dismiss all pupils for the rest of the afternoon.

After the trees have been planted proper care should be given them by the janitor until they become well started. Regular watering is essential.

Principals should locate the trees so as to add symmetry and beauty to the grounds. Respectfully,

FRANK R. DYER, Superintendent.

FORMER WICHITAN POISONED

E. B. Roselle Found Dead in His Back Yard at Woodward.

E. B. Roselle who was once a resident of Wichita having conducted the Roselle house on South Lawrence avenue, met with a mysterious death last week at Woodward, where he was engaged in the restaurant business. The Woodward Bulletin says:

"To locate, build, own, equip, operate and maintain a standard gauge line of railroad and telephone and telegraph lines, commencing at or near Arkansas City, Kan., running thence south and southeasterly through a part of Oklahoma, along or near the valley of the Arkansas river to the point near where said river crosses the north line of the Indian Territory, thence south and southeasterly by the most practicable route through the Indian Territory to a point at or near the city of Texarkana, Tex., with a branch running from a point at or near Blackwell or Kay Center, in Oklahoma, in a southeasterly direction by the most feasible route through the cities of Tonkawa, Perry and Stillwater, O. T., connecting with the main line of said railroad, and also to construct, use and maintain all necessary stocks, sidings, buildings and other improvements in connection with said line of railroad."

Dwight Braman, who seems to be the moving spirit of the concern, lately figured in a controversy between the receiver of the Anthony branch of the Frisco road and certain stockholders. Braman claimed that the receiver was not doing his duty, and complained to the federal court. The matter afterward was compromised.

PHYSIO-MEDICAL CONVENTION

Meets in Annual Convention Tomorrow.

The Kansas Physio-Medical society meets tomorrow for its annual convention in the Occidental hotel. The program follows:

9 a. m.—Call to order by the president, E. Bradford, M. D., of Lawrence, Kan.

Prayer.

Address by the president.

10 a. m.—Reading of minutes of previous meeting.

Report of treasurer, F. S. Sams, M. D., of Lawrence, and report of work done by delegates.

10:30 a. m.—Appointment of committees.

11 a. m.—Address, followed by discussion.

12 m.—Adjournment.

2 p. m.—Report of committees.

3:30 p. m.—Address, followed by discussion.

4 p. m.—Topic, "The Materia Medica of the Present and Future."

5:30 p. m.—Address and discussion.

6 p. m.—Adjournment.

7:30 p. m.—Address, followed by plan of meeting.

8:30 p. m.—Final report of committees and unfinished business.

In Favor of the League.

To the Editor of the Eagle:

In accordance with the article which appeared in Tuesday's Eagle, the managers of the Wichita High School Baseball team wish to say that they are not only willing, but anxious, to have such a league formed as has been proposed.

Our representatives are ready to meet the representatives of the schools named and would be perfectly willing to arrange for a series of games, giving the best development of a baseball spirit in high school we will, however, be prepared to play for at least two weeks. We appreciate the spirit of "The Interested Fan" article and we wish to thank him for his efforts and hope that they will not come to naught.

JOHN CHARLES, HARRY BOWERS, CARL GRIFFITH, Business Managers H. S. Team.

DOES COFFEE AGREE WITH YOU?

If not, drink Grand-O-made from pure grains. A lady writes: "The first time I made Grand-O I did not like it, but after using it for one week nothing would induce me to go back to coffee. It is nourishing and feeds the system. The children drink it freely with great benefit. It is the strengthening substance of pure grains. I feel a pick-up today from your Grand-O, follow the directions in making it and you will have a delicious and healthful 'table' beverage for old and young. He and I."

leth gives the following particulars of his death:

On Wednesday morning C. B. Roselle was found in the yard back of his restaurant in an insensible condition. He was once taken into the house and medical assistance procured. But he was past all human aid, and died that evening.

He was a strong, healthy man and his sudden and peculiar death aroused suspicion that he had been poisoned. A coroner's jury was therefore empaneled, an inquest held and a verdict returned to the effect that he came to his death by poison feloniously administered by unknown parties.

The deceased was well known in Wichita, Kan., several years ago as a man of considerable means, being worth about \$25,000. He has been in this city or several years, and though a strong, rough man, he had many friends.

CUPFEW DID NOT WHISTLE

Did Whistle Was Silent Sunday Night to Give Youth a Chance.

On last Sunday evening the big, powerful whistle at the Doid plant did not announce the regular 9 o'clock reveille as it has done nightly for the past few months.

Back in the mothers of the city wait patiently for this warning blast and then go out to rather in their belated offspring. The youth of the city, likewise, are on the lookout for it, and scamper for home at its shrill shriek. But Sunday night was a lovely, balmy spring evening and every one in the city who was not a confirmed invalid was out of doors enjoying the first pleasant night this year. Just why the whistle failed to blow no one knows, but there is an abiding suspicion that the management had a warm spot for the boys and girls of the city and having once been young themselves, just missed one night and let the young folks have a chance at ozone and balmy night.

A few cynical people even hinted that it was entirely a possible thing that some one or more of the management themselves may have been out just a little after 9 o'clock and did not like to be proceeding what they did not practice. Be that as it may, the whistle only missed that one night and the former routine is again in force and the whistle will continue to announce bed time to the youth of the city.

INTO THE COAL FIELDS

New Road Chartered Will Help Wichita.

The new railroad chartered to run from Arkansas City to the coal fields of the Indian Territory will make direct connection with the Santa Fe for Wichita.

The capital stock of the company is \$100,000. The directors are: W. B. Lawrence, George H. Whitcomb and Frederick D. Fuller, of Topeka; Dwight Braman, of New York, and Harry S. Moffit, of Boston.

The full nature and character of the business in which the corporation proposes to engage, according to its application for a charter, is:

"To locate, build, own, equip, operate and maintain a standard gauge line of railroad and telephone and telegraph lines, commencing at or near Arkansas City, Kan., running thence south and southeasterly through a part of Oklahoma, along or near the valley of the Arkansas river to the point near where said river crosses the north line of the Indian Territory, thence south and southeasterly by the most practicable route through the Indian Territory to a point at or near the city of Texarkana, Tex., with a branch running from a point at or near Blackwell or Kay Center, in Oklahoma, in a southeasterly direction by the most feasible route through the cities of Tonkawa, Perry and Stillwater, O. T., connecting with the main line of said railroad, and also to construct, use and maintain all necessary stocks, sidings, buildings and other improvements in connection with said line of railroad."

Dwight Braman, who seems to be the moving spirit of the concern, lately figured in a controversy between the receiver of the Anthony branch of the Frisco road and certain stockholders. Braman claimed that the receiver was not doing his duty, and complained to the federal court. The matter afterward was compromised.

NINA RAYMOND AGAIN

Re-Arrested for Murder Under Jurisdiction of New Court.

CRIMINAL CASES FILED

Suit of Van Werden vs. McVicar Now on Trial.

Nina Raymond will be tried for the murder of Edward Jones, the case now being brought under the jurisdiction of the new city court. The complaint was made yesterday by Henry Schrad, marshal of the city court, and a warrant was issued for her arrest. She was taken from the city jail, where she was serving a sentence, and returned to the county jail last night.

Nina protested against the change, saying she would much prefer remaining at the city jail until her case was disposed of. The complaint was sworn to by Marshal Schrad states that on March 14 Nina Raymond did then and there unlawfully, feloniously, willfully, purposely and with deliberate and premeditated malice with intent to kill and murder one Edward Jones with a bed eal which she in both hands held and hit the said Jones on the left side of head, back of head and on the eyes, causing wounds from which he languished until March 19 and died.

"Therefore, Nina Raymond did kill and murder Edward Jones," contrary to the law and dignity of the state of Kansas.

The preliminary hearing of the case is set for 2 o'clock p. m. of March 20, before Judge Kirk of the city court.

One of the other of the Stansleys, who are attorneys for Nina Raymond, have been in almost constant consultation with her, and they say they will clear her of the charge of murder. The Stansleys are tenacious and energetic. They never forsake a client and it is expected that they will fight the case for Nina Raymond as hard as they can.

They would be fighting for Fitz Simmons, yet had he not so cruelly forsaken them. An attempt to destroy the effect of the evidence of Mrs. Roberts and her son will doubtless be made by the defense's attorneys, and they promise a very lively trial in the courts, even should they fail in clearing her at the preliminary.

The first criminal case to be called for preliminary hearing in the city court is that of Frank Adams, the footpad, who held up J. H. Burns on North Topeka avenue, on the night of March 15, and relieved him of watch and money, after having assaulted him with a revolver.

The preliminary trial will take place this afternoon at 2 o'clock. Adams has been confined in jail since his arrest by Sutton and Manser, the next day after the crime was committed.

The new city court is now down to business in earnest, and the basement of the court house is livelier than it has ever been before. The walls have already been cracked by the glancing darts of fiery attorneys and the eloquence of Demosthenes and Cicero resound through the corridors, while the disciples of Blackstone belabor the jury with weighty questions of law.

Judge Kirk occupies an elevated seat at the left of the door leading from the clerk's office and his dignified bearing was manifest at the first trial, which came before him yesterday. It was the case of Van Werden against McVicar. The case will be concluded today. It is tried before the following men who occupy the distinction of being the first jury to sit in the new court: E. W. Whitte, A. H. McKee, O. Mulvey, J. S. Sheppard, A. M. Stuckey and R. D. Holley.

The court rested last night in order to give the parties to the suit time to hunt up some books and papers, but the case will be taken up again this morning and argued at length by the attorneys.

When Traveling

Whether on pleasure bent or business, take on every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectively on the kidneys, liver, and bowels, preventing fevers, headaches, and other forms of sickness. For sale in 50-cent bottles by all leading druggists. Manufactured by the California Fig Syrup Co. only.

LARGE TAX DEED

Attorney Kos Harris Buys 232 Lots at Tax Sale.

Next to the largest tax deed ever issued in this county was made yesterday by Deputy County Clerk Chain for Kos Harris.

The description of the property required twelve pages of typewritten legal cap paper. There were 232 lots, each one of which had to be listed in the deed, and accompanying which deed a separate tax receipt had to be attached. These lots are all in Girard addition to the city of Wichita. Mr. Chain said only one deed had ever exceeded the size of this one.

STOLE SET OF HARNESS

Thieves With Toothpick Shoes Work at Mt. Hope.

Sheriff Simmons was called yesterday at the theft of a new pair of harness belonging to W. D. Brewster. The theft was committed Friday night, the thieves entering the barn and helping themselves. It was a set of light harness with silver mountings. Mr. Brewster said the thieves wore toothpick shoes and drove a span of light horses with light white feet.

MUSIC AND DRAMA.

A fair and appreciative house greeted the Klump-Hearne company in "The Millionaire's Daughter" at the Crawford last night. This company is undoubtedly the best popular price repertoire company that has ever visited Wichita. The acting is finished and the performance run smoothly and have the appearance of the usual popular price performance. The character of Eugene Banks was enacted with force and sympathy by Mr. George Klump. The part of Julius Benard was presented true to life by Mr. Robertson. The rendition of the character of Count De Tournelle by Mr. Coffin showed what instinctive persons some actors are. The support in general was good and the company deserve to be greeted by a packed house tonight. The war pictures are also a big feature of the performance and received an ovation from the audience. Tonight the great scenic production, "Shadows of a Great City." There will also be three illustrated songs introduced between acts.

MOZART SYMPHONY CLUB.

A great many tickets are being sold for the V. M. C. A. benefit concert at the First Methodist church, Saturday evening, which assures a splendid house. Every member of the company is a great artist of national reputation. A grand concert for twenty-five cents.

Louisville Courier Journal: Musical ears have never heard such harmony blended from stringed instruments as this expert organization furnished last night at the Masonic temple. The audience were entranced.

Toronto, Can.: The orchestral numbers of the Mozart Symphony Club were distinguished by precision of their playing, the grace and feeling, the exquisite shading. Their work was appreciated to the utmost by the audience which hung upon the strains with breathless interest.

Ottawa, Can.: The Mozart Symphony Club gave a grand concert in Harmony hall, which was certainly a rare treat to the large assembled audience. The program presented was of such high quality that special praise would certainly be out of place. The ensemble playing was marked by the utmost finish of expression and execution. Among the many prominent persons in the audience was His Highness the governor general and the Lady Stanley of Preston with their party had seats of honor.

New Orleans Picayune: The beautiful music played by the Mozart Symphony Club is beyond praise, and every member is a delightful soloist.

Detroit Tribune: The orchestral numbers of the Mozart Symphony Club were distinguished by precision of their playing, the grace and feeling, the exquisite shading. Their work was appreciated to the utmost by the audience which hung upon the strains with breathless interest.

Boston Herald: The audience was fully justified in its appreciation and the charming gems were most thoroughly enjoyed.

Eastern Journal: Association has literally rang with applause during the concert given by the Mozart Symphony Club.

C. O. & G. RAILROAD EXTENSION

To Little Rock, Ark., Land of Cotton Timber and Coal.

The Little Rock extension of the Choctaw, Oklahoma and Gulf railroad will open up one of the richest prospective fields for development in the west.

The railroad follows the beautiful and fertile valley of the Petit Jean and crosses the great Fourche valley, the finest cotton region in the state.

The timber and mineral resources are unlimited. Its wonderful coal supply being one of the chief reasons for the development by this line.

In climate, it is most genial and healthy. Its scenery is superb, being a constant mingling of mountain, valley, forest and stream. The water supply is one of its greatest attractions, there being mountain streams throughout, with large rivers of clear water. Arkansas is famous already as being one of the best watered states in the Union.

There will be several first-class towns developed by the railroad company, among them Booneville and Magazine, in Logan county, and Ola, in Yell county.

The first named, Booneville, will have the large Central Division, which the railroad company guarantees to establish there, while it is in the center of a very rich valley, making a most desirable location for the upbuilding of a large city. From the abundance of its coal and water supply, it will undoubtedly be a manufacturing center.

Magazine, at the foot of the great Magazine mountain, the highest peak between the Rockies and Alleghenies, will also be a good town and undoubtedly a great resort. It has a most charming location.

Ola, in Yell county, will also be a most successful town from the start, being the gateway to the Fourche valley and the junction point for the Dardanelle and Hot Springs railroads.

One of the greatest attractions throughout the entire region is the entire freedom from dust and wind storms, while drought and failure of crops is unknown.

The affairs of the towns department are in the hands of the towns department, of which Mr. C. E. Bennett is manager and treasurer, with headquarters at Booneville, Ark.

A Woman's Warning

(From Mrs. Pinkham's Diary.)

Women must be watchful.

Neglect invites suffering and unhappiness. Pain destroys beauty. Worry ruins the disposition. Useful women must be healthy women.

The pretty girl of eighteen all too frequently develops into a worn woman at twenty-five. Roundness quickly becomes lankness. The elastic step degenerates into a half-dead-and-alive movement that has neither grace nor ease. The girl has faded prematurely.

Mrs. Nannie Adkins, La Due, Mo., writes:

"DEAR MRS. PINKHAM: I feel it my duty to tell you of the good your Vegetable Compound has done my daughter. She suffered untold at time of menstruation before taking your medicine; but the Compound has relieved the pain, given her a better color, and she feels stronger, and has improved every way. I am very grateful to you for the benefit she has received."

Miss Carrie B. Lamb, Big Beaver, Mich., writes:

"DEAR MRS. PINKHAM: Six years ago I suffered from profuse and irregular menstruation and leucorrhoea. During these years my appetite was variable, stomach sour and bowels not regular, and was subject to pains like colic during menstruation. A year ago I wrote you and began to take Lydia E. Pinkham's Vegetable Compound and used two packages of Sanative Wash, and can say that I am much better. My courses are natural and general health improved."

Mrs. George Bainbridge, Morea, Pa., writes:

"DEAR MRS. PINKHAM: I suffered seven years and would surely have died but for your help. It is with pleasure I now write to inform you that I am now a healthy woman, thanks to your kind advice and wonderful medicine. I can never praise it enough. I was a constant sufferer from womb trouble, and leucorrhoea, had a continual pain in abdomen. Sometimes I could not walk across the floor for three or four weeks at a time. Since using your medicine, I now have no more bearing-down pains, or tired feelings, and am well and hearty. I shall recommend Lydia E. Pinkham's Vegetable Compound to all my suffering friends as the greatest remedy for all female weakness."

Some women neglect themselves through ignorance, some through diffidence, or heedlessness. They neglect themselves for some reason, and ill health and loss of beauty results. A frank letter to Mrs. Pinkham at Lynn, Mass., would prevent all this.

Mrs. Mary Vaughn, Trimble, Pulaski Co., Ky., writes as follows to Mrs. Pinkham:

"DEAR FRIEND: Two years ago I had child-bed fever and womb trouble in its worst form. For eight months after birth of babe I was not able to sit up. Doctors treated me, but with no help. I had bearing-down pains, burning in stomach, kidney and bladder trouble and my back was so stiff and sore, the right ovary was affected and everything I ate distressed me, and there was a bad discharge. I was confined to my bed when I wrote to you for advice, and followed your directions faithfully, taking Lydia E. Pinkham's Vegetable Compound, Liver Pills and using the Wash, and am now able to do most of my housework. I believe I should have died if it had not been for your Compound. I hope this letter may be the result of benefiting some other suffering woman. I recommend your Compound to every one."

Lydia E. Pinkham's Vegetable Compound—A Woman's Remedy for Woman's Ills.

COMING LOCAL EVENTS

Regular meeting of Elizabeth Rehekah Lodge No. 28. Work in the degree. Every member of the staff is requested to be present.

Members of Wichita Lodge No. 28, N. R. A., are requested to be present this evening on business of importance. There will be twenty candidates for initiation.

Confirmation services at St. John's Episcopal church this afternoon at 4 p. m. with address on confirmation and the message of the Episcopate church. All cordially invited to be present.

Funeral services of Mrs. Longstrech will occur today at Friends' University at 11 a. m. The family will leave with the remains for Ford, Ind. county, at 2:15 p. m. via the Missouri Pacific.

The regular meeting of the Women's Foreign Missionary society of the First Methodist Episcopal church will meet at the residence of Mrs. Proun, 36 Deane avenue, Wednesday at 3 p. m. Reports from the district convention.
